

Life at DesRes

learn. celebrate. grow.

Brain & Bites

Every month, we pause.
Not to slow down, but to think better.
Brain & Bites is where ideas are shared, debated,
challenged, and sometimes completely flipped.
Architecture, cities, films, materials, failures;
nothing is off the table.

(Except maybe the snacks. Those go fast.)

BRAIN & BITES

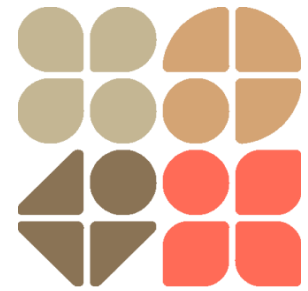

Join us for an evening of remarkable experiences with

HOMA
SUSTAINABLE LUXURY

MAY
30
FRIDAY 5 PM ONWARDS

Sustainable Luxury

**We believe growth comes not from getting everything right,
but from learning every time we get something wrong.
So we Celebrate Failures, [#Fail_Better](#)**

#Fail_Better celebrates the wisdom hidden in our missteps. Team members share projects that didn't go as planned, the lessons they uncovered, they shares the insights, resilience, and perspective and how those moments helped them grow... as professionals and as people.

We See You

The Designated DES'RESIAN

OUR MONTHLY LEGENDS

Every month, we celebrate one of our own. Not just for great work but for intent, initiative, and impact. The ones who go a little deeper, stay a little more curious, and lift the studio with them.

We Celebrate Everything

Festivals.
Birthdays.
Site visits.
Lunches that stretch
into conversations.
Dinners that turn into
stories.
Any excuse works.

Our Annual Offsite

We applauded excellence through our **Studio Honours**, recognised character and quiet contributions with the first-ever **UdaRi Awards**, had fun with the Off the Records recognitions and then simply enjoyed being together ...over great food, endless conversations, pool games, music, dancing, and laughter.

RangTantra Team Building Workshop

Because the best teams aren't just built in the studio. They're built in moments like these.
